THIRD STREET IMPROVEMENT IS NOW NEARING COMPLETION

Brick Practically All Laid On The Ascending or Lower Street

ARRANGING LOOKOUT GRADE

Grade Will Be Evened Up and Really Made No Steeper Than What It Has Been—Fortress Like Wall Attracting Attention.

After having undergone changes twice and been the subject for more discussion than ever a street before was in Charleroi. Third street is beginning to assume the appearance of a well improved thoroughfare. Some of the brick has been laid on the ascending street, which happens in the Third street case to be that to the south. The descending street is being put in shape for brick, and it will be but a few days until both will present a fine, smooth appearance from Lincoln avenue to a point above Lookout avenue where the high dividing wall ends.

The laying of brick was started the fore part of this week by Contractor Arrigo's men, curbing having been placed a few days before. Rapid progress has been made until the ascending street is practically in shape for traffic, though it will remain closed for a few days yet. On Friday the brick laying was just about completed.

Arrangement is made in the brick-ing of the ascending street for the opening into Lookout avenue and it will not take any great cutting to form the grade on the latter street. The Lookout grade will be made more even and practically no steeper than previous to the Third street improvement.

The immense concrete wall separating the ascending and descending streets is the piece of work that is bound to attract attention above all. It is very high in spots above the lower of the two streets and would make a good wall for a fortress. It answers the purpose for which it is intended well. It forms a curb for both streets as well as a dividing line, and extends from Lincoln avenue to a point a considerable distance above Lookout.

The ascending street has a grade of about 11 per cent all the way, while the descending street grade varies from five per cent to about 18 or 20. The lower or ascending street is 18 feet wide and the upper or descending 12 feet wide.

ATHENE CLUB TAKES UP THE STUDY OF MEXICAN PROBLEMS

"Mexico" was the theme of discussion taken up at the fortnightly meeting of the Athene club Friday afternoon. Mrs. H. P. Jacobs was hostess at her home on Crest avenue. One of the features of the meeting was the report made by Mrs. R. C. Mountsier of the convention of the State Federation of Women held at Wilkes-Barre. She attended as a representative of the Athene club. "Mexico, a Thorn in the Flesh," was discussed by Mrs. R. C. Mountsier and Mrs. Charles S. Van Voorhis presented an interesting paper on "Mexican Leadership."

TRUE BILLS RETURNED BY THE GRAND JURY IN LOCAL CASES

Charleroi Quilted Accused of Felonious Breaking and Entry—Trial to Begin November 17.

True bills were returned by the grand jury Friday in the cases from Charleroi against James Cratty, William Whitfield, William Walker, David Nutting and William Tegg, charged with felonious breaking and entry. Chief of Police C. W. Albright is the prosecutor.

The quintet is charged with having broken into the Carroll Pharmacy in August and to have stolen various articles from the store. District Attorney R. T. Miller is preparing the trial list fixed Wednesday, November 17 as the time for their trial.

ATTEMPTS ARREST AND IS STABBED

Charlie Titus, constable at Donora and one of the most popular and efficient officers the town ever had, is in the Memorial hospital at Monongahela suffering from three knife wounds inflicted by Neal Perkins, colored, who has since made his escape. Titus was stabbed twice in the left arm and once in the left side below the heart. His condition is serious but is not thought to be critical.

Early Friday evening Perkins had a quarrel with another negro in a saloon. The other man, alleging that Perkins had drawn a knife on him, went before Justice of the Peace Coatesworth and made information against Perkins. A warrant was sworn out and given to Constable Titus.

Titus found Perkins in Cypress alley and served the warrant. The colored man turned on the officer, stabbed him and then ran. Titus fired at the fleeing figure three times before his strength gave out and then sank down exhausted from the loss of blood. There he was found shortly after and hurried to the Memorial hospital.

Perkins is a mulatto. He is 35 years old and is five feet, 10 inches in height. At the time of the cutting he was dressed in corduroy trousers and a blue striped shirt. It is not known where he went but it is believed he fled to the hills. All the police of the valley towns and the state constabulary have been notified and are on the search for him.

Titus is 32 years old and single. He is regarded as being one of the best officers Donora ever had and has a host of friends throughout the valley. He was for a time night officer but has been constable for some time.

VICE POSTMASTERS TO NOW TAKE TESTS

An order of far-reaching effect with the aim improvement of the service has been issued by the postoffice department at Washington, which is in effect that all assistant postmasters in second-class offices must henceforth take what is known as the "case" examination. This means that before a vice postmaster can qualify as the postmaster's first assistant and receive the emoluments of office he or she must first show ability. It is a move in a sense to take the vice postmastership more out of politics.

The examination which assistants must take is an ordinary one given to members of a postoffice clerical force. The passable grade is 95 per cent. Sixteen pieces of mail matter that will be selected by the examiner, must be distributed in a minute for every minute of the test. The examination is practical.

In some offices the examination will not be welcomed, for the reason that vice postmasters have had their attention taken in the past with other details to such an extent that they have not been given opportunity to work up on "case" matters. This is true in the larger second-class offices where the vice postmaster handles such details as money orders, registered mail and so forth. This would apply in the Charleroi postoffice.

Postmaster J. K. Smith received notification Friday of the new ruling. Sometime will be given vice postmasters to prepare for the test if they are not now ready.

WALTER VAUGHN BEST TENOR IN NEW YORK

Such is Statement of Former Governor Tener After Watching Progress of Monongahela Valley Young Man in Metropolis.

The best tenor in New York city today—such is the recommendation given Walter Vaughn of Fayette City by former Governor John K. Tener, who has been watching Vaughn's progress closely in the metropolis. Mr. Tener was here this week and spoke of the work of Vaughn who is studying in New York city under some of the leading masters.

Vaughn's singing has been attracting general attention in New York and he has been appearing at some of the leading churches in the city with some of the high paid choirs. He is truly making good. Vaughn is to sing at the first popular concert the Cincinnati Symphony orchestra is to give in December. During the last year or two while engaged in musical studies in Cincinnati Vaughn was a popular soloist with the Symphony.

CONNELLSVILLE GETS VICTORY IN HOT GAME

Football Struggle on Local Field Ends With Score 6 to 0—Wretched Umpiring Complained of—Touchdown in the Second Half.

Charleroi high school's football team attempted a mighty hefty proposition Friday afternoon in the Connelville high school team, and in spite of the preponderance of weight which was in Connelville's favor played the visitors practically to a standstill. There was some question of the official conduct of the game from the umpire's point of view, the said umpire being a Connelville man of strong tendencies. But the less said about this subject the better.

The score of the game was 6 to 0, which alone proves how stiff and hard a struggle it was. In the beginning Charleroi high played the heavy-weight visitors to a standstill and in the latter part of the contest relied to a grand defense, and put forth a great offense. It was only in the middle part of the struggle that the Mud Islanders, as Uniontown people lovingly term the Cokeville lads, managed to push the oval over the line. Smeak, a lad conspicuous for his elegant build and huskiness was called back from center and given a boost with the ball tucked under his arm. Moyer, Connelville's other star failed to boost the pigskin over the bar after the touchdown.

Nearly all the way through straight football was played by both teams. A few forward passes were tried, but they were none too successful. One of the prettiest plays of the entire game was the run of Captain Charles Lowstutter in the third quarter. "Chuck" escaped the grasp of numerous tacklers on skirting the end and weaved his way through for 30 yards. Umpire Duggan discovered about this time that there had been an offside play. He called the play back, penalizing Connelville five yards and giving the ball to Charleroi. It was poor satisfaction, especially when Duggan was accused of illegitimate umpiring.

In the third and fourth quarters neither Connelville nor Charleroi got within speaking distance of the (Continued on page four.)

CHARLEROI'S POPULATION IS 11,558, CENSUS BUREAU SAYS

NEARLY 200 SUITS HAVE BEEN FILED AGAINST J. V. THOMPSON

Much Activity in Fayette County Since Announcement Was Made of Financier's Intentions.

Nearly 200 suits have been filed here against J. V. Thompson since last Tuesday when he signed an agreement to turn over his assets to a creditors' committee.

Attorney H. S. Dumbald, president of the Fayette County Bar association, which represents the creditors, has appointed on the creditors committee, H. L. Robinson, M. M. Cochran, James R. Cray, John M. Core and William Parrshall.

Rumors Friday were to the effect that the assets to be turned over by Mr. Thompson by the end of the month may be taken up by a corporation to be formed in New York, the secured creditors to be paid in preferred and unsecured in common stock.

WARNER-LEONARD MAY OPEN MINE

Rumors that the Warner-Leonard Coal company of Cleveland, Ohio, will open up a coal mine a few miles back of Charleroi at coal acreage already owned are being given some circulation. Partly due to the source and partly due to the increased desire for coal the rumors are given some prevalence. However it is not stated that operations will be started immediately, but that work will begin next spring.

The Warner-Leonard company owns valuable coal land on the road to Bentleyville that has been acquired within the last two or three years. Development has never been attempted. To operate, it would be necessary to ship the coal down Maple creek valley, and owing to Frick holdings in this valley arrangements would have to be made with them for right of way, or direct purchase would have to be made it would seem. At the present time there is much activity reported in mining circles. There is a heavy demand for coal at the factories and mills, which are operating to capacity. In addition there is a demand because of the probability of a suspension of operations next April when the wage scale conference comes up.

Fire of Little Consequence.
The fire department was called out this morning by the report of a fire at Ninth street and Shady avenue. The fire, which was a small blaze caused by soot dropping back of the chimney was of little consequence and did little damage.

Report of Figures Made Upon Calculations Based On Last Census

MONESSEN FIGURES, 20,150

High Estimate Placed on Town Across River—Monongahela, Only City in Washington County, Not Published.

Charleroi has a population of 11,558, according to an estimate made by the Census Bureau of the United States. Monessen, the census bureau figures must have about 20,150 residents, while Donora is tagging along in the rear with a population of 8,174. Monongahela, the only city in Washington county, must not be up to the 8,000 mark, since in the publication of statistics its population is not given. The Census Bureau publishes figures only of municipalities having over 8,000.

The method of calculating census statistics is on the gains made during years preceding the 1910 census. That is what makes the Monessen population seem so large. Its population increased wonderfully during the decade from 1900 to 1910, virtually being the period of its foundation.

Charleroi and Donora figures are probably about right, since the growth was not by spurts during that period, as was Monessen's. Washington, the county seat, has a population of 21,160, according to the Census Bureau's estimate, and the estimate is probably not far from being correct. Uniontown's population is published as 19,960 and Connelville's at 15,031. Gains are shown in practically every instance in the report of western Pennsylvania towns.

Valeska Suratt Star of "The Soul of Broadway"

Valeska Suratt, the most discussed woman of the stage or screen, is, as is known to theatre goers the country over, the fashion-plate of the dramatic profession. Her gowns have millions gasp by their beauty and daring as well as by their daring lavishness of design. In making her screen debut in "The Soul of Broadway," Miss Suratt has outdone all her previous efforts in gowns and millinery, fashioned by famous modistes.

In all she wears 150 gowns, some daringly and uniquely simple; others that are calculated to make the feminine portion of her spectators break into astonished exclamations when they see them. It is estimated that in the course of "The Soul of Broadway" Miss Suratt changes her garments with every forty feet of film. "The Soul of Broadway" will be shown at the Coyle theatre Monday.

Miss Edith Hazlett of Pittsburgh is visiting over Sunday with her parents Mr. and Mrs. W. J. Hazlett of Sixth street.

THE FUTURE OF RUSSIA

Some Americans have been rather unfriendly to the triple entente because of the fact that Russia is still an unlimited despotism. They have not been able to understand how republican France and free England could join hands with a nation whose methods have been sternly repressive of individual freedom. They have forgotten or ignored the strange fact that America's most steadfast friend from the beginning has been despotism Russia, says the Altoona Tribune.

Yet we are not likely to forget the fact that in Russia the will of the oligarchy which has ruled and still rules in the name of the czar has been supreme. We cannot forget the restrictions put upon the Russian Jews, the terrible barbarities which they have suffered and are suffering even now. We recall the sufferings of men and women who have been exiled to Siberia and we feel that an oligarchy which inflicts such cruelties upon human beings whose only fault is that they love liberty deserves to endure the scorn of men and the wrath of God.

But perhaps the mysterious powers which have combined to produce this strange and unnatural alliance are wiser than we know. It may be that out of the blood and welter of the present war the Russian people are finally to come into their own. Those who have lived with them and who know them tell us that they are far from being the barbarians their enemies are in the habit of depicting for public consumption. They are a simple-minded, great-hearted folk. They are deeply religious. They are prone to melancholy because of the daily tragedies of their lives, but they are surely destined to a happier lot than it has thus far been their fortune to share.

We are persuaded that when the present upheaval ceases the European situation will have been transformed. And the change in Russia is likely to be the most monumental of all. The Russian people, having become conscious of their strength, will make an end of the oligarchy which rules in the name of the czar and will rule themselves with justice and mercy. The great powers of the Russian people harnessed to the car of genuine civilization will be employed for the development of the resources and the powers of their own country directly and ultimately for the betterment of the whole world. The religious character of the Slav will eventually dominate Europe for Europe's everlasting good. Thus out of gigantic suffering will spring the flower of a new and a perfect civilization.

HIGH SCHOOL BAND MAKES FIRST APPEARANCE AT GAME

Organization of Students Makes Things Lively—March to Football Grounds at Head of Student Body.

The latest innovation in high school circles is a student's band which made its first appearance on Friday afternoon previous to the Connellsville-Charleroi high school football game. At the head of a procession of high school students the band marched down Fifth street to the ball park, playing a hitting march song of a sort familiar to W. & J.—Pitt football fans. In the band, which was directed by Cheerleader Ellsworth Hickey were several cornets, trombone and the drums. The band anticipates appearing at every football game of this season, and perhaps at subsequent basketball games even if it does not appear in concert work.

Ejecting John Gunther and wife from their premises at Eleo in order that the Pennsylvania Railroad may clean up a road through, as ordered by the court, has proven to be a problem that has not yet been solved. Sheriff Horner is an attempt to solve.

Some time ago the railroad was ordered by the court to lay a road through Eleo. Satisfactory arrangements were made with all property holders except Gunther, who refused to sell. It is reported that the company offered him as high as \$12,000, but he still refused. An order was secured, but Gunther readily refused to vacate. Hence the visit by the sheriff various times this week. Gunther was arrested and taken to Monongahela Thursday night. Friday he was released on bail.

FOOTBALL FANS MAKE EXODUS; ALL HIKE TOWARD PITTSBURG

Monongahela Valley Sends Large Representation to Championship Struggle in City.

Like Washington, Charleroi was deserted by football enthusiasts today who similar to a large proportion of western Pennsylvanians were attracted into Pittsburgh by the Washington & Jefferson-University of Pittsburgh championship football game. Morning trains and cars were considerably crowded by fans from here and elsewhere along the valley. Heading the list of visitors into the city was the high school football squad, 16 in number which with the coach and others of the faculty are guests of the University of Pittsburgh at the game.

AGE NO BAR
Everybody in Charleroi is Eligible. Old people stooped with suffering. Middle age, courageously fighting. Youth protesting impatiently. Children, unable to explain. All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow. Doan's Kidney Pills are for weak kidneys. Are endorsed by thousands. Here's Charleroi testimony. Mrs. W. McBride, 760 Crest avenue, Charleroi says: "One of the family was in misery from dull pains in the back. Doan's Kidney Pills were used and they brought great benefit. Later there was a return of the old trouble and less than one box of Doan's Kidney Pills, procured from Piper Bros., Drug store removed the pain in the back and there has been no suffering since. We think there is nothing equal to Doan's Kidney Pills." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McBride recommends. 100 Free Prizes for You Women Who Tell Us the Most Uses for **KEROSENE**

It's past belief how many women, good housewives too, think that kerosene is good only for lighting and heating. But then, of course, there are other hundreds of you who know its uses are almost boundless.

Some tell us they've tried kerosene as a floor polish—and find it splendid—that it will preserve the finish and beauty of a fumed oak set better than the most costly dressing, and, mixed, with whitening, with almost no rubbing, will make nickel trimmings glisten. Then, for cleaning the porcelain bath tub, nothing equals kerosene. It leaves it shining snowy white.

What Do You Do With Kerosene?

What are your pet methods for making kerosene work for you? You are probably acquainted with many helpful, practical uses, if you'll only just take a little time and dig them up, out of the store of your household experience.

Write down all you can think of. Send your list to the Contest Department of the Atlantic Refining Company, and you're just as likely as not to be one of the fortunate winners of any one of the 100 valuable prizes pictured in this advertisement.

It's ordinary common sense and not fancy composition that'll win these useful, handsome awards. All we want you to do is just tell us in your own way how you have found kerosene useful around the house.

The letter that lists the greatest number and the most practical uses for kerosene will win the first prize—a \$33 New Perfection Oil Cook Stove—a prize well worth getting, for it surely does lighten the drudgery of cooking.

The next best five letters will be judged on the same basis, and for the writers of these there are five New Perfection Oil Cook Stoves (each valued at \$10.75) to make work easier in the homes of five enterprising housewives.

In the same way the remainder of the 100 desirable prizes will be awarded. Read the list at the left.

Was there ever a chance to get so much for so little effort—no work, only a little thinking necessary—just write what your housework has taught you, but please use only one side of the paper and be certain your letter reaches us before December 1st, 1915, for on that date this contest positively closes.

Remember, the greater the number of uses you submit and the more practical each is, the more certain is the chance of your securing any one of these hundred splendid prizes.

Don't wait till the last day, but begin making up a list immediately—the longer the list the better your chance.

The Atlantic Refining Company Philadelphia

Besides the illustrated prizes, there are ten fifth and an equal number of sixth, seventh and eighth prizes, all splendid, serviceable Perfection Oil Heaters which your dealer sells for \$3.20, \$3.70, \$3.60 and \$3.30, respectively.

DON'T BE THIN AND SKINNY

New Treatment Will Make You Fat.
I have been thin for years and began to think it was my nature. A doctor told me it was natural for me to be that way. Finally I read about the remarkable processes brought about by use of Tonaline Tablets, so I decided to try them myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger. Tonaline Tablets are a powerful inducer to nutrition, increases cell-growth, food, increases the number of blood-corpuscles and as a necessary result builds up muscles, and so healthy flesh, and rounds out the figure.

For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment may prove a revelation. It is a beauty maker as well as a form-builder and nerve-strengthening.

Go to your druggist and get a box of Tonaline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestine will be clear and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonaline Tablets freshen you and make you feel like life is worth living.

Tonaline Tablets cost \$1.00 for a 15-days' treatment, at druggists, or mailed by American Proprietary Co., Boston, Mass.

NO MORE DANDRUFF

There is only one way to cure dandruff, and that is to kill the germs. There is only one hair preparation that will kill the germs and that is Mildredina Hair Remedy. This unusual hair restorer with its record of thousands of cures will grow hair on any head where there is any life left; it cures dandruff, stops falling hair and itching of the scalp in three weeks or money back.

It is the most pleasant and invigorating tonic, is not sticky, or greasy and is used extensively by ladies of refinement who desire to have and to keep their hair soft, lustrous and luxuriant. 50c and \$1.00 a bottle at druggists everywhere.

FREE to show how quickly Mildredina Hair Remedy acts, we will send a large sample free by return mail to anyone who sends this Coupon to The Mildred Louise Co., Boston, Mass., with their name and address and ten cents in silver or stamps to pay postage, etc.

Your dandruff can be entirely removed and the hair made brilliant, soft and fluffy by the use of this inexpensive home prepared shampoo, which is superior to any I have ever been able to buy. Dissolve a teaspoonful of sageine, in a cup of hot water. This, rubbed into the scalp, creates a rich, smooth lather, which thoroughly cleanses both hair and scalp. An occasional shampoo with this mixture, followed by thorough rinsing, will rid you of itching and dandruff, beautify your hair and make your head feel especially good.

Lung Trouble Yielded to This Medicine

If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows:
3022 Girard Ave., Phila., Pa.
"Gentlemen—In the winter of 1902 I had an attack of Grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of a foul-looking stuff, and later I had many hemorrhages, at one time three in three successive days. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."
(Addressed.)
Eckman's Alternative is most effective in bronchial catarrh and emphysema, and "lung weakness"—upbuilding the system, containing no harmful or habit-forming drugs. Accept no substitute. Small size 21 regular size, 52. Sold by leading druggists. Write for booklet of recoveries.

WALKS AWAY WITH AS WELL AS OUT OF FAYETTE CITY LOCKUP

Pair Arrested for Copper Thieving Makes Getaway Easily—One Confesses to Plot.

Virtually picking up the Fayette City jail and walking away with it, two negroes known as "Wild Bill" and Harry Daily escaped Wednesday night after having been placed under arrest for copper theft. "Wild Bill" whose real name is not known was arrested in Monongahela. He confessed that he had helped in a copper robbery at the Naomi mine. He implicated Harry Daily, stating they had arranged to get 1,100 pounds of wire and sell it at 13 cents a pound to a Monongahela man. Constable George Eckman of Fayette took the two men from Monongahela to Fayette City Wednesday, placing them in the Fayette City lockup. Then they escaped.

SUGGESTIONS TO WOMEN

Who Are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:—

"I keep house for my little family of three and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my house-work. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, am no longer nervous, sleep well and do all my housework." Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to the medicinal extracts of fresh cod livers, tonic iron and beef peptone, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction. Piper's Drug Store, Charleroi, Pa.

guarantee. If, after a trial you get no benefit your money will be refunded.
